

Scubaventures Diving

DAN Basic Life Support for Diving Professionals:

DAN Basic Life Support for Diving Professionals: 8 hours

This course is aimed primarily at diving and other emergency professionals. It is an 8 hour basic life support course that is far more intense than standard lay person CPR. The course qualifies for medical continuing education credits for medical professionals.

The course includes team approach procedures for BLS. This includes single and two person CPR, infant and child CPR, use of cricoid pressure to avoid stomach inflation during rescue breathing, use of bag-valve mask for resuscitation, foreign body techniques for responsive and unresponsive patients, foreign body techniques for persons found unresponsive, use of suction devices to clear foreign material from patient's mouth, use of the AED and treatment for shock.

This course is a full eight hours and is primarily a hands-on, video - hands-on material driven course. It is a full eight hour course. There is no independent study option for this course.

Prerequisites

- Have a current first aid and CPR completion card. The course is open to divers and non-divers alike.

About Scubaventures:

Scubaventures is a dive training business that offers PADI and DAN Instructor Training. I teach all of the Divers Alert Network (DAN) programs dealing with handling diving related medical issues. I am also an instructor trainer for the DAN programs. I teach the Emergency First Response First Aid and CPR Courses and am also an instructor trainer for that program as well. I am also an associate member of the Undersea and Hyperbaric Medical Society.

For more information on the course or to schedule a course, contact John Meyer, PADI Course Director at 206-300-0318 or e-mail me at lets_dive (at) scubaventures-diving.com.
